

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Clark E. Fisher, aged 54 years, a prosperous Higgate farmer, died Tuesday from blood poisoning resulting from a fall.

Logs are being brought down from the mountains into Rutland in large quantities. About 100,000 feet of logs are in the yard of the Rutland Manufacturing company.

Almon Ingalls of Swanton, a liveryman and farmer, yesterday filed a petition in bankruptcy with Clerk F. S. Platt of the United States court. His liabilities are \$9,591.90 and he has assets of \$9,789.10, with \$405 claimed exempt.

The father of Miss Mary E. Dorman, who died in Swanton Sunday at the age of 80 years, Rev. Eben H. Dorman, was the first settled pastor of the Congregational church in Swanton, coming there from the town of Georgia in 1825 and continuing as pastor until 1855.

Pupils in the schools of Elmore, Morristown and Stowe have been engaged in spelling contests during the winter and at the final contests to be held during the latter part of this month, Editor L. P. Thayer of the Morrisville Messenger has offered to give the pupil in each of the three towns, who spells down the rest, a 1915 edition of Webster's International dictionary.

WAS POPULAR RAILROAD MAN.

Austin G. Adams Died in Rutland of Ulceration of the Stomach.

Rutland, Jan. 7.—Austin G. Adams, clerk and paymaster of the Rutland railroad, died at his home in this city yesterday of ulceration of the stomach. Although Mr. Adams' health had not been good for some time he was able to attend to his business all of last week and was out as usual last Sunday. The end came as result of a weakened condition brought on by hemorrhages.

Mr. Adams had a wide acquaintance in railroad circles and was one of the most popular of the officials in this city. He was greatly interested in the hydro-electric development in the northern part of Rutland county and elsewhere brought about by the Horton Power company and its subsidiary concerns, having become associated last summer with New York financiers and I. M. Frost, former general manager of the Rutland Railway, Light and Power company. Mr. Adams was a third owner of the company's holdings and was its secretary and treasurer.

Austin G. Adams was born at Watertown, N. Y., on August 4, 1861, being the son of George W. and Isabelle Skinner Adams. He married Amelia Wenzel at Watertown, who survives him with two daughters, Misses Gladys and Ethel Adams, both of Rutland. The deceased is also survived by his father, who lives in Watertown, and by three brothers, Charles of Detroit, Ernest of Montreal and George of Watertown.

Mr. Adams had been with the Rutland railroad about 12 years. He was previously for a long period traveling auditor of the Rome, Watertown and Ogdensburg railroad, having been employed in the treasurer's office before he went out on the road. He was a Free Mason, belonging to a New York state lodge.

There were many floral tributes. Interment was in the village cemetery.

The magistrate was examining a witness, to whom he remarked: "You admit you overheard the quarrel between the defendant and his wife?" "Yes, sir, I do," stoutly maintained the witness.

"Tell the court, if you can, what he seemed to be doing."

Fighting Tuberculosis.

Figures indicating the growth of the anti-tuberculosis campaign in the United States show that in the year 1905 about \$5,000,000 was spent in this movement while during the year 1915 over \$22,500,000 was spent.

In 1905 probably less than \$100,000 was spent for anti-tuberculosis work other than the care of tuberculosis patients in a few poorly equipped sanatoria and hospitals. In 1915 over 1,400 anti-tuberculosis associations spent nearly \$1,225,000 in organization and education. Special tuberculosis dispensaries, of which there are 450, spent over 1,150,000 in examining, advising and treating patients. Open air schools, of which there were none in 1905, spent more than \$350,000 in teaching and treating sanatorial and tuberculous children. * * * Sanatoria and hospitals for the care of consumption, nearly 600 of them, spent \$19,200,000. Much of this sum was contributed by private pay-patients, but the greater part over \$12,000,000 was paid by federal, state, city and country boards for free treatment.

As an indication of the way in which the burden of the care of consumptives is being shifted to the public's shoulders, where it rightly belongs, the national association points out that in 1905, as nearly as can be estimated, less than 5 per cent of the total expenditure of \$5,000,000 for tuberculosis was from public funds, while in 1905, nearly 65 per cent or \$14,500,000, was from this source.

New York state again leads the states with the largest total expenditure of nearly \$5,000,000, with Pennsylvania second, and Illinois third—Concord Monitor.

Getting Even.

"Don't you care for any postcards to-day?" asked a postal clerk, as he handed the man the stamp he had requested.

"No, not to-day," said the man. "Or some stamped envelopes? We have some new ones."

"No, thank you."

"Would you like a money order?"

"No."

"Or perhaps you would like to open a postal savings account?"

But the man had fled.

"Who was that fellow, and why did you ask him all those questions?" asked a fellow clerk.

"That," said the other clerk "is my barber. For years when he has shaved me he has bothered me with recommendations of massages, shampoos, hair cuts and hair tonic. I am even with him now!"—London Opinion.

Two young naval officers were heard discussing their respective dearests and bests—for the time being. "I think Clara is a dear little craft," said one.

"Dear and little," did you say?" snorted the other. "She's 'dear' all right, but I don't know so much about the 'little.' She's the biggest revenue cutter I've ever seen."—Tit-Bits.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take anti-kamla tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, 10c worth, 25c worth or more. Ask for A-K Tablets.

SICK-HEADACHES
Sick-headache, the most miserable of all ailments, loses its terrors when A-K Tablets are taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way. Genuine A-K Tablets bear the K monogram. At all druggists.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.
